OWN YOUR SPACE

Fabular is built to be functional, with your comfort of living in mind. With smart furniture that is space-saving and well-designed to integrate seamlessly, Fabular is spacious enough to include multiple bedrooms, a bathroom, a pantry and a spacious living room.

Fabular designs revolve around functionality and flexibility. Fabular is not just a home. It can be an office, café or anything else you wish it to be.

DURABLE

Your Fabular is built in our facility within a controlled environment, with experts at hand to ensure the finest workmanship and only the highest-grade materials are used. From a steel structure that is welded by specialists, with waterproofing and heat-insulating materials sandwiched between Class 0 fire-rated wall panels, everything is done to the best quality standards.

The Fabular M-series is a unique, stylish prefabricated smart modular home that has been tested and certified for lifting the welded structure, the M-series is also pre-approved by Authority for Building Control & Construction Industry (ABCI) making it both safe and structurally-sound.

Able to withstand harsh elements, Fabular is built strong, comfortable and durable for your stay, especially for the warm tropics.

Double Rockwool Insulated
High Rib Anti-Leak Roof

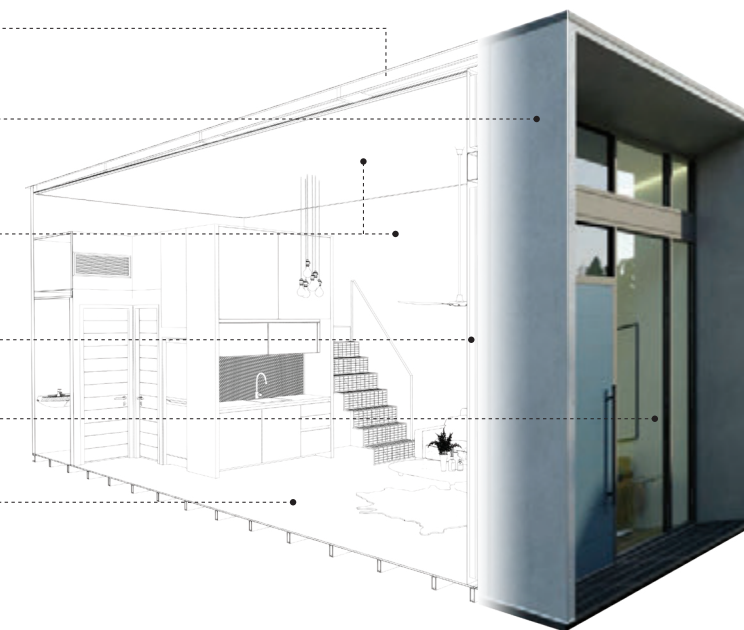

PRIMAflex™ Fibre Cement Board

Rockwool Insulation

Hollow Galvanized
Steel Sections

Aluminium Window Frame
with Tempered Glass

Vinyl Flooring

PRIMAflex™ Fibre Cement Board

WELL-DESIGNED

Already tastefully designed and architecturally sound on the outside, your space can be decked out on the inside by personalising it to reflect your individual style.

Choose from our collection of aluminium glazing, artisan woodwork, wall panels, waterproof flooring, paintwork, lighting, sanitaryware and roofing, all carefully hand-selected to integrate your unique taste to Fabular.

Make it a Fabular to call your own.

Wireless Home Security

Wi-Fi Connected Smart Lighting

Live the smart lifestyle with your smart home.

With a fully-integrated smart system that is optional, your home just got a lot smarter. Control the temperature inside, set the mood lighting and keep an eye on your space with wireless security cameras. Comfort and convenience all controlled with just your smartphone.

Smart furniture is another feature that makes your space unique. Multi-functional furnishing for clever storage space and aesthetics also makes for smart space-saving.

HOME OWNERSHIP MADE EASY

Fabular is unlike a traditional home. Constructed efficiently with control over quality, costing and timeline, there are no nasty surprises or hidden costs involved. Simply choose the Fabular suitable for you. Once the paperwork clears, Fabular is delivered to your doorstep in under 3 months.

With flexible financing packages with our official banking partner, Bank Islam Brunei Darussalam (BIBD), owning a home just got that much easier.
